## School Board Files Protest Against Through Traffic At Buford Ave. As Dangerous

The Gettysburg joint school board meeting Monday evening at the high school contemplated two "head-aches" facing it and then passed a resolution about the one problem and referred the second to the transportation committee of the joint board.

The first problem involves school children crossing Buford avenue at Meade school. With the change in the light system at the intersection of Buford and Springs avenues with Chambersburg street the "children no longer have a fair chance of getting across the street," board members declared.

They drafted a resolution to be sent to the state highway department protesting against the "straight-through" traffic arrangement from Chambersburg street into Buford avenue.

**Danger To Children**

Previously, board members pointed out, traffic was stopped on Chambersburg street before entering Buford avenue and children at Meade school could cross during that period. Now, all traffic is permitted to go through from Chambersburg street into Buford avenue without stopping and the distance from the corner to the regular school crossing on Buford avenue is too short to permit motorists to see the children and stop if need be, the board claimed.

The other problem involves arrangements for transportation of youngsters from their homes to school. Previously, if the school bus passed the home of a youngster it would stop at the home and permit the child to enter or depart from the bus.

Under a new state law, as outlined Monday night, school buses will be permitted to stop only at designated spots where buses will be driven completely off the road. These will be designated as official school bus stops.

**Fewer Bus Stops**

Because the state highway department must construct and maintain the "drive-off" spaces where the buses will stop, the number of stops for each bus, at least along state highways, will have to be reduced. Dr. Lloyd C. Keefe, superintendent of schools, said he was advised by the highway department.

He said he had no information as yet concerning stops on township roads, but expected to have that information as soon as he receives a copy of the new law.

Because the stops will have a permanent nature they must be made at such places as will prove "gathering points" over a period of years, he pointed out. The transportation committee will meet in the near future to go over the district and attempt to determine the stopping places so that they will be ready for use next fall.

Members of the board also pointed out that the new law forces all vehicular traffic to stop when a school bus is discharging or taking on passengers.

**Elect New Teacher**

Ethel Hartman, Franklin township, who graduated from Shippensburg State Teachers' college this summer, was elected an elementary teacher in the joint school district. The resignation of Miss Margaret Wentz, Carlisle street, as a teacher was accepted. She plans to teach in the Shanon Hill school district. The teachers' committee was authorized to grant a leave of absence to one teacher who is considering a leave of a year if the request is granted.

Reports from the supply committee showed that Gettysburg coal dealers have bid \$10.85 a ton for coal for the local schools and the bid is being divided between them. Clyde Williams and Son was awarded a contract for anthracite coal for the township schools at \$15.70 per ton.

The property committee was authorized to enclose the furnace at the High street school, cooperate with the borough in repairing the wall along the Tiber at Springs avenue by uncovering the stream, and to have the chimney and furnace at the high school "vacuum cleaned" during the summer.

Doctor Keefe reported there may be no need to build the additional room at Lincoln school judging by present census figures. The room was authorized at the May meeting and will be constructed by placing a partition in a large room if needed.

Keefe was authorized to make the usual purchases of new type-

## Summer Vacations Sought For 30 Underprivileged Children

Adams county has been asked to make available two-week vacations in the country this summer for 30 underprivileged children from the tenement districts of New York. This announcement was made by Rev. Dr. Ralph R. Gresh, pastor of St. James Lutheran church, chairman of the Adams county committee, at a meeting of his group in the parlors of the Hotel Gettysburg, Monday afternoon.

It was explained that 19 children enjoyed two-week vacations in various homes in the county last year and that it was to be hoped that at least 30 would be accommodated this year.

Those interested in entertaining one or more youngsters, age five to 12, from the tenement districts for two weeks this summer may have the privilege of selecting the age, sex and religion of those they will play host to this year. They are asked to notify Rev. Dr. Gresh, Gettysburg, by telephone or letter.

## ELECTION HELD BY LIONS CLUB; RECEIVE AWARD

Attorney Donald M. Swope was elected president of the Gettysburg Lions club Monday evening for the year beginning July 1. Radford H. Lippy was named first vice president and George T. Raffensperger, second vice president. There were no contests for those offices.

Fred S. Faber, a charter member of the club, was elected third vice president in a three-cornered contest.

Other officers chosen were: Secretary, Ralph E. Barley, re-elected; treasurer, J. Herbert Weikert, re-elected; talliawster, George A. Albee; Lion tamer, David Bloser, and directors for two years, Attorney Richard A. Brown and Calvin Cluck. The new officers will be inducted next Monday.

The retiring president, D. E. Hess, presided at the meeting with 99 members and guests in attendance. The meeting was held at Sheffer's park along the Biglerville road.

Secretary Barley distributed perfect attendance pins for the last year to 65 members of the club, the largest number ever to receive the awards in any year since the club was founded.

The local Lions received from Deputy District Governor Erwin Rebert of Littlestown a prize as winner of the Region 4 contest which included visitation, secretary's reports and other items. Gettysburg won with 10,850 points and Fairfield placed second with 6,500 points. The prize was a collapsible stand to hold speakers' notes. It has a natural (Please Turn to Page 5)

## SAUDI-ARABIA, 'MISS AMERICA' ROTARY TOPICS

The story of the Saudi-Arabian oil fields, and the story of the Miss America pageant in this section were presented to the local Rotary club at its regular meeting Monday evening in the YWCA.

Roy K. Strine, manager of a radio station in York and representative of the Young Business Men's Association, told of the Greater Miss York program to be held in connection with the Miss America programs being held throughout the United States as preliminaries to the selection of Miss America at Atlantic City late this summer.

The Young Businessmen's Association, which is sponsoring the contest locally, is seeking entries from among Adams county girls. Strine said, adding that the contest is based as much on talent as on beauty. If sufficient Adams county girls enter a separate Miss Adams County will be named. If not, the Adams entrants will be included among those competing for the title of Miss Greater York. Miss Janice Sachs won the Miss Adams county title two years ago, he pointed out. Persons interested in the contest are to contact William Musser or Samuel Miller at the Gettysburg Building Supply company, the local chairmen for the affair.

## FIRST 'FOGGING' FOR MOSQUITOES IS DONE MONDAY

Gettysburg got its first mosquito "fogging" Monday afternoon and Monday night, and the Vogel Ritt company of Hagerstown, engaged by the borough council to fog the town, expects to continue operations again today and tonight until the job is completed. A second fogging will be done later in the summer and a third will follow if found necessary.

The oiling of Rock creek and small streams that enter it was completed Monday also, according to Councilman Fred A. Hummelbaugh. It was begun last week. Oiling of the creek and stagnant pools of water will be done every week or 10 days throughout the mosquito season, Hummelbaugh said.

"I believe that if we get at the source of the mosquito nuisance, 90 per cent of our troubles will be over," he said.

**Killed Millions Friday**

Rock Creek from the disposal plant to a point opposite Spangler's Spring was oiled Friday. An examination made afterward, Hummelbaugh said, revealed millions of mosquitoes in the larvae stage killed by the oiling.

The embryo mosquitoes need air, according to the mosquito eradicator, and come to the top of the water, obtaining air through small "feelers." If pools of stagnant water are oiled, the oil clogs the "feelers" and the young mosquitoes die.

Rains which raise the stream levels will wash out the oil, but Hummelbaugh said that the streams and pools will be oiled after each rain and whenever necessary otherwise.

The Littlestown chapter will be known as The Richard M. Palmer chapter of the Military Order of the Purple Heart. ## BULLETINS

Berlin, June 14 (AP)—Western Berlin railway workers voted six to one today to continue their strike rather than knuckle under to a Communist threat of reprisals. Only a three-fourth majority was needed to assure continuation of the 24-day-old strike which has become in effect a "little blockade" of Berlin. The plan which was voted down was worked out by the United States and had the approval of the other three occupying powers—Britain, France and Russia. The workers voted after Soviet-licensed newspapers renewed threats of reprisals against the strikers.

Bridgeport, N. J., June 14 (AP)—The entire downtown section of Bridgeport was threatened by fire today as flames destroyed an 86-year-old theatrical landmark, causing damage estimated at \$400,000. Companies from six nearby communities fought the fire which was detected by K. L. Lenker, a switchboard operator at the Bell Telephone company exchange. She said she traced a short-circuited board signal to a candy shop located in the Criterion theatre building.

## FOUR TAKE OATH AS CITIZENS OF UNITED STATES

Three young women and a man became United States citizens Monday afternoon at a session of the Adams county court.

The four, Mrs. Leonard Shealer, 25 Steinwehr avenue; Mrs. Jules Neiderer, Hanover; Mrs. LeRoy Strait, McConnellsburg, and Stanley Jean Garment, Hanover R. 4, appeared before the court. Herbert Levy, naturalization examiner from the Immigration Bureau of the U. S. government, made the motion for the government that the four be admitted as citizens of the United States, stating that "it is a pleasure for the government to make this motion. All four have faithfully fulfilled the requirements set for them and have passed the examination authorized by Congress."

Judge W. C. Sheely pointed out that "it is one of the greatest pleasures of a court to welcome new citizens. I do want to point out that while American citizenship is a privilege, it also carries with it great obligations of loyalty to the United States and performance of the duties of citizenship."

"Those duties include contributing to the support of the government, and defending it with one's life if need be; they include jury duty and voting and all of the other responsibilities that rest on the citizens of a democracy."

A \$290,115.10 budget for the coming year was adopted by the Gettysburg joint school board at a meeting Monday evening at the high school here.

The budget, as adopted, did not contain any sums for building, but school officials said Monday that they have already notified the state department of plans to take advantage of the building authority program being set up by the state and Dr. Lloyd C. Keefe, superintendent, held out hope Monday that a new junior high school building might be constructed here within the next year or two.

That estimate, he admitted, was for the moment a "shot in the dark," but additional information should be available by the time of the July meeting, he indicated, and construction of the new school will proceed as rapidly as possible. The state legislature set up a program at the recent sessions permitting school systems to establish authorities to construct needed school buildings, and permitting paying off of the money borrowed through the authority over a long period of time.

**Details Not Complete**

Final details of the authority plan have not as yet been worked out at Harrisburg, but the Gettysburg system has already asked for forms to make application for permission to go ahead under the program, Dr. Keefe said.

The 1949-50 budget calls for the following expenditures: General control, \$10,400; instructional service, \$209,970; auxiliary agencies and coordinate activities, \$27,658.10; operation of plant, \$20,150; maintenance of plant, \$10,460; fixed charges, \$7,000; debt services, \$4,450. Income will include an estimate balance as of July 4 of \$3,891; state appropriation, \$4,640; tuition from non-resident pupils, \$33,115 and the following sums from the various districts making up the jointure: Cumberland township, \$41,610.73; Freedom township, \$14,723.22; Gettysburg, \$130,149.60; Highland township, \$8,990.05; Straban township, \$57,310.40. The total estimated income is \$294,430.

**Budgets Not Comparable**

The new budget is much higher than the \$236,000 spent by the school district during the current year, but it was pointed out that the budgets are not comparable. The current budget did not contain expenditures for transportation which were paid by the various school boards during the year. Next year's budget contains an item of \$23,225.10 for transportation of pupils, thus boosting the amount set aside for auxiliary agencies by that much. The money, it was pointed out, was spent during the current year by the individual boards but next year will mark the first time it appears on the joint district budget.

Another figure which helps make the joint budget appear larger this year is the \$7,000 in fixed charges, which goes toward teacher retirement. During the current year that amount was not on the joint budget, since each district paid its retirement amounts directly instead of through the joint district.

**Teachers' Pay Up**

The principal actual increase in the budget is the jump from \$194,245 to \$209,970 in outlay for teachers' salaries. The increase was brought about by the mandated salary increases given the teachers by state law. In addition a few hundred additional dollars were added to the amounts set for maintenance and operation of plant to cover any possible contingencies that may arise during the year.

The school boards in the district and the district itself will close their books for the current year July 4, and begin the 1949-50 year on July 5. It was not known Monday night whether any of the districts in the joint system will increase tax rates this year. Gettysburg will retain its 25-mill rate, and several other boards reported they have not determined as yet whether they will be able to maintain their current tax rate due to the change in state appropriation based on the tax equalization board report.

Be safe when your trip is marred by a tire blow-out or other minor repairs. Park off the improved portion of the highway as far as possible and see that those who may be with you do not carelessly walk onto the highway in front of passing traffic.

## VFW TEAM 1-0 WINNER OVER GREENCASTLE

Gettysburg VFW Post 15 eked out a 1-0 decision over the Greencastle VFW Monday evening at the local recreation field to take the first contest in the three-game semi-final series between the two in the District 21 VFW championships. The second game will be played next Tuesday evening at Greencastle at 7 p. m.

The locals scored their lone tally in the bottom half of the second inning. Two men out when Jay McGlaughlin, post 15 pitcher, beat out an infield hit. With Snyder at bat, McGlaughlin began a steal of second. Snyder swung on what Greencastle thought was a third strike and final out of the inning.

Greencastle then started off the field, but Plate Umpire Crone ordered the visitors back to their fielding positions as only two strikes had been charged against Snyder.

**Tally Lone Run**

The next offering from McAllister, Greencastle hurler, was a wild pitch which permitted McGlaughlin to gain third base. Then Snyder hit a slow dribbler just front of the plate which McAllister could not handle. McGlaughlin scored and Snyder reached first on an infield hit. Hixon went down swinging to end the inning.

The game was a close hurling duel between McGlaughlin and McAllister.

McAllister, throwing one of the fastest balls ever seen in local softball circles, fanned 10 of the local VFWs. In the first inning he actually struck out four batters, but catcher Divilbiss couldn't handle the third strike on Little, second Greencastle batter, who raced to first, stole second and reached third on a bad throw to second to cut off the steal. But there Little remained, as the next batters fanned.

Greencastle threatened in the top of the seventh as clouds threw a shadow over the playing field. Bill Bear, the visitors' first sacker, singled sharply to center and advanced to second on a wild pitch, but McGlaughlin settled down and got Divilbiss to foul out, Crouch to pop out and McAllister went out on a fly to left to end the game.

## AGREE ON RING CASH FOR VIDEO

New York, June 14 (AP)—This town had peace between fight managers and Madison Square Garden today but no big bouts were on tap.

Having settled their differences over television money, the Garden's boxing chieftains and a number of ring pilots headed for the midwest to take in the two championships brawls scheduled for that area.

The Garden, tied up with Joe Louis' International Boxing club, has more than a rooting interest in the IBC's Detroit and Chicago tilts. Marcel Cedran defends his middleweight crown against Jake La Motta in Detroit tomorrow night and Ezzard Charles and Jersey Joe Walcott tangle for the NBA's heavyweight title in Chicago, June 22.

Harry Markson, managing director of boxing for the Garden, said he hoped to get several good future matches out of these contests.

The television-radio money deal with the managers provides that the two main fighters for Friday night shows in the Garden and St. Nicholas arena each will get \$1,000 of the air receipts. The two principals for Monday night shows in the 3,500 seat St. Nick's each will get \$350 of the video cash.

It represents a big increase for the fighters and managers. In the previous radio-television agreement with the old 20th Century S. C., the feature fighters each received \$212 extra for the Friday shows and nothing for the Monday programs.

Philadelphia, June 14 (AP)—Funeral services for William D. Wiggins, 76-year-old retired Pennsylvania railroad vice president who died Sunday at Byn Mawr hospital, will be held tomorrow at his suburban Merion home. Wiggins, a native of Washington, Pa., joined PRR as a rodman in 1895 and retired in 1943 as vice president in charge of engineering.

## York Springs Meets Aces Here Tonight

The first of the twilight games scheduled in the Adams County Baseball league will be played this evening.

Coach Harpster's Gettysburg Aces will be host to York Springs this evening at 6 o'clock on the college field. Leonard Sites is expected to pitch for the locals.

Also carded for tonight are the following games: Orrtanna at Fairfield, Littlestown at Hanover, and Emmitsburg at New Oxford.

## GEORGE KELL IS TOP BATTER

Chicago, June 14 (AP)—Veteran George Kell, Detroit third sacker who notched 304 for the Tigers last season, tops American league hitters today with a .346—a 21-point buge over the rest of the field.

The 26-year-old Kell, a major leaguer since 1943, added five points to his batting percentage during the week while Outfielder Dom DiMaggio of Boston slumped 21 points to .318.

DiMaggio trailed Kell by only two points last week. His .318 was good for third place.

Philadelphia's Eddie Joost moved to second with a three-point increase to .325.

## Sports Roundup

By HUGH FULLERTON, JR.  
New York, June 14 (AP)—This time a year ago, the New York Giants had spurred briefly from second to first place in the National league. Then they spun dizzily downward to fourth place and within a month Mel Ott had been given the bounce as manager and Leo Durocher was imported from Brooklyn for the job. . . . They finished fifth after a brief August fling at second. . . . Last week the Giants tumbled from first place on Sunday to fifth on Friday and now they're five games behind the league leading Dodgers. . . . No wonder they're driven to such desperate measures as trading one catcher for another old catcher. . . . What's the next move? . . . In the same week the Yankees

## Today's Talk

By GEORGE MATTHEW ADAMS  
CONTROL AND CONFIDENCE

All other things being equal, control and confidence are what make great baseball pitchers. I have watched them time and again, and where these gifts are lacking, anything can happen. But these two things cannot be confined to baseball. In nearly every game these two are what make the champions. Every successful man, as well, can point to these two qualities as ruling ones. Many a one has started a career, with many an up and down, where control of oneself has been highly important. Many a one has been stamped, lost control, and with it his confidence. On the other hand, many another has refused to yield, kept his self-control and banked on his confidence in victory. These are the ones who rule the world.

Life's great game, more than any other game, calls for both control and confidence. The importance of mind control cannot be overestimated, for when you do have it, you have confidence as well. It is essential that you have faith in yourself and in the God who gave you life. No matter what problems may come up, no matter how grave the emergency, keep every faculty of your being under control and this will give you confidence in your ability to win your objective, no matter what it may be.

There are more seeds planted in the human heart than any of us suspects. But no matter how rich the soil may be there, it must be watered, else there will be no growth. Whenever you do, or say, something that brings new hope to someone else, that garden in your heart gets a fresh growth-giving shower. It's just like the pot on the back that the baseball manager gives to his pitcher when he gets in trouble. It revives his control and confidence.

It is easy to have control and confidence when everything runs smoothly. It's when the tight places arrive that we need extra will, extra faith—and perhaps an extra understanding friend, to help us weather the storm. If at such times we get hold of ourselves, and help ourselves, God and everyone else about us will flock to our standard!

Tomorrow Mr. Adams will talk on the subject: "One's Book a 'Circular Letter'."

**FLAG DAY**  
This morning for a moment stand, Hat off, and on the heart the hand;  
Then to the red, the white, the blue  
Allegiance once again renew.

At staff or mast, where'er it flies,  
With grateful heart and shining eyes,  
Look up and constant vow to be  
Unto the cause of liberty.

Hop of the world and all oppressed!  
Symbol of everything that's best!  
Thank God today for those who gave  
Their lives the flag for us to save.

Salute it now with prayer or cheer!  
See it through smile or shining tear,  
Then vow to guard it long to be  
Flag of the brave, the fair, the free.

## MINISTERS GET DEADLOCK ON GERMAN TRADE

By JOSEPH E. DYNAN

Paris, June 14 (AP)—The Foreign Ministers Council, reported nearing the end of its Paris session, sought a conclusive decision today on East-West trade in Germany and an Austrian independence treaty.

Economic experts of the four occupying powers in Berlin, yesterday handed to the Foreign Ministers the East-West deadlock in the German capital. A Western expert in Berlin said the report to Paris showed about 90 per cent agreement on small matters and 100 per cent disagreement on the important issues.

The Foreign Ministers themselves were reported in partial agreement on a true in the Berlin difficulties. This appeared to have grown out of secret Big Four negotiations.

**Try To Finish Soon**  
Yet, the Foreign Ministers faced a showdown in their efforts to write a more complete economic agreement for Berlin and an independence treaty for Austria.

The Foreign Ministers Council is scheduled to reconvene to take up two items discussed in a secret session Sunday night. According to well-informed circles, these items were:

1. Limited commercial accord for Germany which would promote East-West trade, fix an exchange rate for the West mark and the Soviet zone mark, and assure Western powers of transportation access to the city.

2. A treaty for Austria which would mean evacuation of occupation troops in the near future.

Under a tentative schedule, reported by officials in one delegation, the ministers will try to finish these two topics by Thursday night, then adjourn the present Paris talks until the next session of the Council in New York sometime in September.

## SECURITY FOR SELF RELIANCE HIT BY HOOVER

By DEWITT MACKENZIE

(AP Foreign Affairs Analyst)

That was a bold and challenging speech which former President Herbert Hoover made at Ohio Wesleyan University during the week-end, when he took a vigorous dig at the brand of "new era" thinking which substitutes security for self-reliance. It's likely to bring him a good deal of mail, pro and con.

Certainly the topic is timely, for there are few corners of the world where it isn't being discussed and in many cases experimented with. Even John Bull, who through generations has stood for solid conservatism, now is up to his neck in Socialism.

Hoover said that while "security" eliminates the risks of life, it "also kills the joy that lies in competition, in individual adventure, new undertakings and new achievements. These contain moral and intellectual impulses more vital than even profits, for from them alone comes national progress."

### Built His Own Success

This is from a man whose life is a romance of American success. He was orphaned at 10 and was self-supporting by 15. He rose to the top as a mining-engineer, working in many parts of the world. Fame came to him for his relief administration work in Europe during World War I, and finally he was elected to the Presidency.

"At all times in history there have been many who sought escape into 'security' from self-reliance," said the ex-President. "And, if you will look over the workings of these newest eras throughout the world, you may notice that the judgment of the Lord on Adam has not been entirely reversed, even by the Supreme Court of the United States."

"Moreover, governments have not been able to fix the wages of sin. Nor have they found a substitute for profit and other personal stimulants."

### Still Possible Here

The United States hasn't embraced all the new era ideas, said Mr. Hoover, adding:

"The reactionary notion of equal opportunity with the right of everyone to go as far as his ambitions and abilities will take him, provided he does not trespass on others, still holds in the American dream."

Does it still hold in the dreams of other "capitalistic" nations? Well, Britain for one is making a great experiment in Socialism. She has had some four years of Socialism, going far in nationalization and even daring to socialize medicine. Another general election is due to be held by July of next year, and then the people will pass the verdict on the question of security versus self-reliance, as Mr. Hoover phrases it.

That verdict will be by a nation which achieved its greatness through "competition, in individual adventure, new undertakings and new achievements."

place in the minds and hearts of Purple Heart holders.

Following the installation the Rev. Frank E. Reynolds, pastor of Redeemer's Reformed church and a former chaplain in the United States Army in World War II, gave an address on battle experiences as he knew them. He praised the company aid men for their untiring devotion to duty and reminded his audience that many veterans of both world wars would not have the privilege of being a member of the Military Order of the Purple Heart, were it not for the company aid men.

Guests at the meeting were Mr. and Mrs. Lee Palmer, Littlestown, R. 2, parents of the soldier for whom the chapter was named. Officials of the chapter request that if there are any veterans from the community who have been awarded the Purple Heart and would like to become a member of the local chapter, they should contact the commander or the adjutant. The chapter will be held open for 60 days, so that members who join within that period of time, will become charter members.

There are 12 charter members to date, John R. Bloom, James Fager, Garland R. Gillespie, Milton E. Harner, J. Donald Lemmon, James D. Rang, Ralph R. Ruggles, Jr., Malcolm B. Shadle, Ralph C. Shaffer, Kenneth L. Steick, Ralph E. Straley and Paul L. Wolff. The next meeting of the chapter will be held on Friday evening, July 15, at 8 p. m., in the VFW post home, West King street.

There will be a brief rehearsal of the Littlestown Men's chorus, Thursday at 8 p. m. in St. Paul's Lutheran church, prior to singing at the Littlestown Fish and Game carnival that night on the playground. The chorus will make two appearances on Thursday evening, from 9 to 9:30 p. m. and from 10:30 to 11 p. m.

## EISENHOWER'S LETTER PERILS EDUCATION BILL

By JACK BELL

Washington, June 14 (AP)—Gen. Dwight D. Eisenhower appeared today to have gone a long way toward torpedoing one of President Truman's "must" bills before Congress—federal aid to education.

A critical letter by the general, now president of Columbia university and acting chairman of the military chiefs of staff, plunged school aid advocates into gloom. It started talk among some lawmakers about the possibility that Eisenhower intends to make his political weight felt.

In a letter to Rep. Gwinn (R-N.Y.), Eisenhower opposed federal school aid grants to all of the states, a proposal already approved by the Senate and now pending in a House Labor subcommittee.

## See GOP Doctrine

He said he favors helping only states that can't raise enough taxes to support a high level of education, and then only "under formulas that would permit no abuse, no direct interference of the federal authority in education processes and no opportunity to expand the flow of federal money into areas where need could not be clearly demonstrated."

Some lawmakers thought Eisenhower paralleled Republican doctrine when he went on to assert that "the army of persons who urge greater and greater centralization of authority and greater and greater dependence upon the federal treasury are really more dangerous to our form of government than any external threat that can possibly be arrayed against us."

Those views didn't seem to track with the policies of some of the leaders of the Organization Americans for Democratic Action (ADA) who tried so vigorously—and failed—last year to get the general into the race for the Democratic presidential nomination.

Eisenhower thus lined up against a bill that has the support of both President Truman and Senator Taft (R-Ohio). In this instance, he put himself in the same political camp with Senator Wherry of Nebraska, the GOP floor leader, and House Minority Leader Martin of Massachusetts.

## Mystery Blast At York Injures Two

York, Pa., June 14 (AP)—Two employees were in the York hospital today following a mysterious explosion that wrecked the York County Gas company's laboratory.

The injured were Mrs. Kathryn F. Henry, 40, an office clerk, and Donald F. Keller, 37, a laboratory chemist.

Mrs. Henry was in serious condition from extensive body burns after she was found in a nearby office partially buried in the debris of the collapsed walls following the blast yesterday.

T. W. McDonald, company president, said the cause of the blast has not yet been determined. Mrs. Mary Werner, an eyewitness, said the explosion pushed out the West Side of the one-story brick structure as though it was paper.

## SAY COMINFORM IS IN SESSION

Warsaw, Poland, June 14 (AP)—A highly qualified informant said Monday the cominform (Communist International Information Bureau) is meeting in Poland to plan action against Marshal Tito of Yugoslavia.

The informant said Communist leaders from all the so-called Democracies of eastern Europe also are drafting a new propaganda campaign in an effort to undermine the effects of American aid to western Europe. What form this campaign might take is not known.

The cominform session is due to end tomorrow but it may be a week before there is an official announcement of what has been decided.

Inquiries to the government on what is going on at the cominform meeting, reportedly being held at Karpacz, near Wroclaw, brought the standard reply, "that's purely a party matter."

Informants said, however, that reports on the victories of Chinese Communists drew applause but were overshadowed by the success of American aid to western Europe.

The steadily deteriorating relations between Yugoslavia and the so-called eastern European Democracies top the list of items discussed.

The second item on the agenda was said to be plans for broadening "peace conferences" supporting the international views of Russia and demanding an all-out struggle against "American imperialism and warmongers."

Almost half of Spain's productive land consists of pastures and mountains.

## WITNESSES WHO REFUSE TO TALK CAN DODGE TRIAL

By JAMES MARLOW

Washington, June 14 (AP)—The House Un-American Activities committee has asked people "are you or have you been a Communist?"

1. Those who said flatly "I refuse to answer" were cited for contempt of Congress, tried, found guilty, and sentenced.

2. Those who said "I refuse to answer" and added "because it might incriminate me" had no trouble at all.

Those extra few words, "... because it might incriminate me," make a big difference in deciding whether a man is contemptuous.

Two years ago the committee, investigating Communism, called in 10 Hollywood writers and asked them the \$64 question.

## Decision Upheld

When all of them flatly refused to answer, they were cited for contempt of Congress. And two of the 10—John Howard Lawson and Dalton Trumbo—were tried in federal court, found guilty, and sentenced to a year in jail and a fine of \$10,000.

They wanted to make a test case of it, so they were freed on bond while they appealed to the U. S. Court of Appeals. (Trial of the other eight cases has been held up pending the outcome of the appeals.) Yesterday the Appellate court said the lower court decision was right.

Why hadn't the men answered the committee's question? They argued: The constitution protects a man from being compelled to disclose his private beliefs; and, so, he can't be punished for being silent about them.

## Country's Welfare First

Not in this kind of case, said the Appellate court. Why? It ruled:

The right of free speech is not absolute. The country's welfare is involved, a man can be compelled to speak under penalty of being

jailed if he doesn't.  
The court reasoned that this country's welfare was involved in this case in the question of Communism because:  
1. The fate of the world, including this country's, is at stake in the present struggle between Communism and Democracy.  
2. Since the Un-American Activities committee was investigating Communism, it had a right to ask the question.  
But suppose the men, instead of saying only "I refuse to answer," had added "because it might incriminate me." It's impossible to say what then might have happened in this particular case, or what might happen in some future case. But—  
No action has even been taken against anyone who appeared before the Un-American Activities committee and refused to answer about Communism because it "might incriminate" him.  
Under the constitution a man can't be compelled to say anything about himself if it might incriminate him. Will this always be true? Maybe not. In some future case Congress and the courts may decide this constitutional protection doesn't apply to Communism.

Washington, June 14 (AP)—The Senate Monday approved the appointment of Gordon Gray as Secretary of the Army. The action was by unanimous consent. Gray, Winston-Salem, N. C., publisher, has been Under Secretary of the Army.

## Makes Forecast On Lewis' Intentions

Washington, June 14 (AP)—John L. Lewis may demand a "share-the-work" system from the coal industry — a scheme giving all miners about the same amount of work, and pay, when demand for coal is slack.

That's what coal industry labor relations observers are saying today as the 450,000 soft and hard coal miners started a week's "stabilizing" strike ordered by Lewis.

As long as eight months ago Lewis pledged that his United Mine Workers union would "move in" to regularize coal production and employment if the industry failed to do so.

Lewis forecast his intentions at the union's Cincinnati convention last fall. He said that if lessened demand or over-production slowed mining activity, the available work would have to be shared among the miners.

# Only the Brave

BY PAUL EVAN LEHMAN

Chapter 14

Men came running and somebody fetched a lantern. John Stover, like Sam Tolson, had been shot in the back of the head.

"Listen!" said Jeff suddenly, and the crowd hushed. From far beyond the town came the faint roll of hoofs.

"That'd be Slug," said somebody. He swore to get Sam and he swore to get John."

Jeff went back into Glenn's house. He was thinking about Stover and the questions he would never ask.

A horse came walking along the passageway beside the house and halted at the stable, and Jeff went to the door in time to see Glenn swing to the ground.

"Got tied up in Briscoe and didn't leave until after noon. Jeff, I think I've struck a gold mine over there. How's tricks?"

"Tell me about yourself. You say you got some business?"

"Yes. Little stuff, mostly wills, deeds, and some briefs for a law firm. But it'll grow."

"Good. By the way, John Stover was shot a short time before you pulled in."

Glenn looked up quickly. "Stover? The marshal?" His face hardened. "So Slug Benjamin got him at last."

"Probably. John had supper here with me just before it happened."

"What was Stover doing here?"

"Looking for you."

"Yes?"

"He wanted to clear up the number of shots you fired at Slug. Somebody swears there were just five. You were seen to reload Sam's gun with five fresh shells, and if you fired all five shots John declares Slug couldn't have shot Sam. Do you remember how many you fired?"

"Sure. Four. The fifth time I pulled the trigger there was just a click. I know there were five empties in that gun, but Sam must have fired one himself. The fellow counted correctly, but Slug most certainly did kill Sam. There's no doubt about that at all."

Jeff felt relieved.

He got up and walked to the window. He hated to do what he had to do, but fairness to Glenn demanded it. He turned suddenly and came back to the table. "Stover said one of the boys told him you'd dropped something like six or seven hundred dollars in a few nights. Now that isn't true, is it?"

Glenn didn't reply for a moment. "I'm afraid it is, Jeff," he said at last. "Not quite that much. In all I lost something like five hundred and twenty dollars."

"But you said—"

"That Slug didn't pay me. I know." He was looking at Jeff with drawn face and eyes that seemed to plead for understanding. "I sat in the game the night you gave me the twenty just to pass away the time. I lost it, and it made me mad. I went down to see Slug and got a five-hundred-dollar retainer out of him. For a couple nights I held my own then I had a run of bad luck and lost it all. I had to lie to you, Jeff. I had to tell you that Slug hadn't paid me. It was rotten, I know, and I've worried about it ever since, especially since I know you can't afford to give me what you have. But I'll make it up to you. I swear I will!"

Jeff reached over and slapped him on the shoulder. "Forget it. What's done is done."

Jeff finally said good night and left. Wolfanger's was still open, and he went in to buy some necessary supplies. He gave his order to Hank, then turned at the sound of a voice at his shoulder.

"Find your Herefords yet?"

It was Chuck Gale who had spoken. He searched the man's face and for the life of him could read only honest interest.

"Yes."

"Think I took 'em, don't you?"

"If you were in my place what would you think?" Jeff looked at him steadily.

"Before you leave town tonight you might drop in at the hotel and ask Ed Payne where me and my boys spent last Sunday. Ed's square; he won't lie to you."

He nodded shortly, and left the store. Chuck had an alibi as tight as a drum. He and his six men had remained in town Saturday night, and had hung around the hotel all day Sunday, leaving for home after dark.

On Thursday, Glenn rode unexpectedly up to where he was working.

"Jeff," he said, "how about riding to Briscoe with me and seeing the new layout? We can make it by tonight, and you can stay over tomorrow and ride back Saturday with me. Doggone it, I've made a little money and I want to show you a good time. You need a holiday."

Jeff debated a moment, then decided to go. They arrived in Briscoe in time to eat a hurried supper and attend a performance in the Opera House. Friday they spent in wandering about the town and in Glenn's office. Jeff was persuaded to remain over night in order to witness another performance, but on Saturday morning, against Glenn's protest, he started for home.

His horse took the branch in the trail which led to the homestead, and Jeff gazed eagerly toward the place where his cattle usually grazed. Then he gave a gasp of dismay and spurred his horse to a fast run.

The Herefords were around the cement pool he had built for water-

## Littlestown

Littlestown—After a recess of several months, the Christian Endeavor Society of St. John's Lutheran church, held a re-organization meeting Sunday night when Charles Hall was elected president. Other officers elected were: vice president, Robert King; secretary, Ruth Myers; assistant secretary, Glenn Dutcher; treasurer, Eloise Yealy; pianist, Jean Yealy and assistant pianist, Evelyn Harget. Miss Helen Myers was in charge of the meeting and Miss Jean Yealy served as pianist. The prelude was, "I Love to Hear His Voice." After a song service, Miss Myers read the scripture, offered prayer and read a poem, "Never Say Fail." Topic for the evening was, "A Review of the Founding of Christian Endeavor." There was also a discussion as to the type of a program the society wants to present during the coming year. Twenty members were in attendance. The society will not meet next Sunday evening because of the Adams County Christian Endeavor Union convention which will be held in the Upper Merion Lutheran church. Those who wish to attend

and money in the world couldn't do; they couldn't make me forget that they'd murdered my father." He went on after a moment's pause. "You see what I've been struggling against all these years? There's a desire for revenge, a wish to make the Tyler's suffer, that I've got to fight every minute of my life. Then I think of what they've done for me, remember that, after all, the evidence they held seemed to them conclusive, and I know I've been an ungrateful cad. I don't hate Jeff; I admire and like him. And just today I offered him my last cent and was really hurt when he refused to accept it. I want to see your father help him; but whether or not he does, Jeff'll not want as long as I have the brains and the hands to work with."

She came closer to loving him at that moment than ever before or after, and that is perhaps the reason why she sent him home at the end of the day with laughter in his heart and a song on his lips. He had struck a responsive chord in her, he told himself, and if he played the tune skillfully enough he would win her yet.

**Baltimore Livestock**  
CATTLE—A fully normal supply of cattle was offered buyers on the Baltimore Union Stock Yards today. The fresh

steers estimated at 2,000 were augmented by about 400 head held from late last week. Total saleable supplies included the equivalent of 50 loads of slaughter steers and 18 loads of stock cattle. Cows made up the majority of the balance. Heifers were again scarce.

Trading on all classes of cattle slow and the general trend lower. A fairly broad outside demand noted and took up considerable slack in the trading operations on all slaughter classes.

Grain-fed slaughter steers met first activity while grassers and steers plainly sold on grass cleared last. The general price level of steers 50 cents lower than last Thursday. Average to high good steers, \$25.50-27.25 and included 968-1,482-pound weights. Full load of the weight averages graded average to high good and included a choice end, \$27.25-28.50 bracket.

Heifers relatively scarce as the run consisted of old head and small lot shipments. Prices followed the trend in the steer division. A few good heifers, \$23.50-26 which most of the common and medium, \$20-23.

Cows also moved slowly at unevenly 50 cents lower prices. Good cows under most pressure. Best grades declined \$1 in spot. Few good cows, \$20-21. Common and medium, \$17-19.50-20.50. Odd shelly canners, \$12.50 and under.

Trading in the bull department likewise uneven. Prices steady to most 50 cents lower with occasional sales off more than 50 cents. Good sausage, \$20.50-22, bulk, \$21-22.75. Common and medium, \$18.50-20.

Continued dry weather blamed by most dealers for a decided slackening of demand in the stock cattle division. Opening sales on a mostly steady basis but later sales more pressure. Best grades more than 50 cents lower compared with last Thursday. A few lots and loads of medium and medium grades, \$20-25. Some loads and lots of mixed inferior, common and medium, \$15 to around 700-pound stockers and calves, \$20.50-25.

**CALVES**—Supply which totaled about the same number as the count of a week ago and a year ago also met a dull demand. Specially narrow for offerings over 200 pounds and particularly on common and medium grades. Sales generally \$1 lower than last Friday. Good and choice vealers, \$24-27; cut \$27; common and medium, \$20-24. Culls, \$20 to around \$15 or below.

**HOGS**—Dealings in opening rounds in the hog department were only fairly active and late trading was not so high. Demand specially narrow for offerings over 200 pounds and particularly on common and medium grades. Sales generally \$1 lower than last Friday. Good and choice vealers, \$24-27; cut \$27; common and medium, \$20-24. Culls, \$20 to around \$15 or below.

Lighterweights in the 120-140-pound range, \$19-22.50; 140-160 pounds, \$20.25-21; 160-180 pounds, \$21.50-22.50. Bulk of the good and choice 180-225-pound, \$21.75-22 including a double deck of rail-shipped offerings at the latter price. Good and choice 225-260-pound, \$21.75-22.50; 260-300 pounds, \$20.25-21; 300-400 pounds, \$19-19.75; over 400 pounds, \$19-20 down. Lighterweights in the 120-140-pound range, \$19-22.50; 140-160 pounds, \$20.25-21; 160-180 pounds, \$21.50-22.50. Bulk of the 225-pound and lighter at outside quotation. Good and choice sows under \$12.25-12.75; odd head around 200-300 pounds up to \$18.25 or better. Good 400-550-pound weights, \$16.25-16.75; heavier weights, \$16 downward. Odd sows \$2 under price of same weight stage and garbage-fed hogs discounted \$1.50-2 from price of same weight grain-fed hogs. A fairly complete clearance was in prospect.

**SHEEP**—Receipts less than half the number received a week ago but were not materially different than the count of a year ago. Dealings slow. Spring lambs \$1 to mostly \$2 lower basis and shorn slaughter ewes from last Friday. A few lots of good to mostly choice 80-90-pound spring lambs, \$28, but bulk of the good and choice, \$25-27.50; medium and low-grade, \$22-25. A small lot of predominantly choice 108-pound shorn ewes, \$10, but most of the good and choice ewes, \$8-9.

**WEDDING IS HELD**  
The marriage of Miss Vivian Lorraine Tippet, daughter of Mr. and Mrs. W. C. Tippet, Shiremans-town, and Raymond Harold Bowers, son of Mrs. Nellie Bowers, Shiremans-town, took place Saturday afternoon at 4:30 o'clock in the Church of God, Shiremans-town. The double ring ceremony was performed by the pastor, Rev. C. H. Heiges. The church was decorated with palms and baskets of mixed flowers.

Preceding the ceremony, Dale E. Ecker, Heidelsburg, sang "Because," D'Harlot, "I Love You Truly," Bond and "O Promise Me" DeKoven. The traditional wedding marches were used for the processional and recessional.

The bride, who was given in marriage by her father, wore a gown of white satin, with sweetheart neckline, fitted bodice and a full skirt ending in a long train. Her fingertip veil fell from a coronet of seed pearls. She carried a bouquet of white roses.

Reception held at the home of the bride's parents immediately following the ceremony. Both Mr. and Mrs. Bowers were graduates from Mechanics high school. During his earlier school years, Mr. Bowers attended Gettysburg high school. After a wedding trip through the New England states and Canada, the couple will be at home in Lancaster, where the groom is attending Franklin and Marshall college.

writers to replace worn ones at the high school commercial department, to have other typewriters cleaned as needed and to purchase a calculating machine for use in the commercial department and by school officials as needed. The board discussed briefly the possibility of eventually establishing a special room at the high school and purchasing a number of special business office machines to be used for instruction of students in the commercial department.

That the schools will be filled with students in about three years is indicated by the census so far, Keefe said. With the First and Third wards, Cumberland and Freedom township census completed so far, the figures indicate about a 20 per cent increase in children from one through four compared to those from five through 10 years of age.

The treasurer's report showed an income of \$64,753.74 during May and expenditures of \$19,655.72, leaving a balance of \$45,098.02.

The bridesmaids were Miss Martha Bowers, Shiremans-town, sister of the groom, and Miss Joyce Simmons, Zeterville. They wore blue gowns and hats identical to that worn by the maid of honor, and carried nosegays of mixed flowers.

Jack Black, Lancaster, brother-in-law of the groom, served as best man. The ushers were Kenneth Guise, Biglerville, and Donald Thompson, Shiremans-town, both brothers-in-law of the groom.

# 19 ACCIDENTAL DEATHS IN PA.; 7 ON HIGHWAYS

(By The Associated Press)  
Accidents over the week-end took the lives of at least 19 Pennsylvanians. Seven of these were highway fatalities and five drownings.

Only hours away from a week-long holiday ordered by United Mine Workers chief, John L. Lewis, three miners died in the pits. One person lost his life in a plane crash and another in a fire.

Killed on the highway were:  
At Pittsburgh, five-year-old Myrna Harris was killed by an automobile Sunday on the 13th wedding anniversary of her parents. Samuel Schoenberger, 39, was killed and two persons injured seriously Sunday in a two-car collision on the McKees Rocks bridge.

**Two Children Die**  
Walter E. Tunning, 31, of Wilkes-Barre, died instantly when the automobile in which he was riding left the road and crashed into a tree Saturday on Bear Creek boulevard, about 17 miles from Wilkes-Barre.

Also at Pittsburgh, four-year-old Robert Maloney was killed by an auto near his home while at Sturgeon, 22-year-old George Patterson was killed in the collision of his motorcycle and a truck.

Robert Ankeny, 20, a Jenner Township farm worker, was killed by a truck 15 miles north of Somerset.

Seven-year-old George Lewman was killed at Philadelphia. He was struck Saturday night by a train as he played with other youngsters near the railroad tracks in West Philadelphia.

Drowned were:

At Falls, seven-year-old Emma Mae Rickaby drowned in the Susquehanna river Sunday just below Falls bridge. She was swimming in an inner tube when the swift current capsized the tube.

Leroy W. Cramer, 20, of Stattenville, drowned Saturday in a water hole at a deserted strip mining operation. The coroner's office said he apparently was seized by cramps while taking a swim.

## Around The Town

The State Highway department either has its signs mixed or it is uncertain about the distance between Gettysburg and Harrisburg. At the Carlisle street and Lincoln avenue intersection a recently-relocated sign says 36 miles to Harrisburg. At the edge of town on the Harrisburg road—and a little nearer Harrisburg—another sign announces the distance as 37 miles.

Last Monday was a busy day for Jack B. Hershey of York Springs. He took his wife to the Warner hospital in the morning, went to Gettysburg college commencement exercises long enough to receive his diploma and then returned to the hospital to find that at 10:47 a. m. (EST) about the time Mr. Hershey was getting his sheepskin his wife had given birth to a daughter.

G. Marion Stambaugh, manager of the Adams County Farm Bureau Cooperative, and three friends watched the Phillies play a double-header with the Cards at Shibe park in Philadelphia Sunday from box seats and were so absorbed in the game that when they left the park they were unable to remember where they parked their car. It was only a few blocks away but it was several hours before the four men, each taking a street to search, found the machine. They got to Gettysburg at 1 a. m. Monday. Others in the party were Kenneth Thomas, Allen Mehrling and Owen Mehrling.

## SAUDI-ARABIA

(Continued from Page 1)  
Many films on Saudi-Arabia gave details of the development of oil fields there and the effect those oil fields are having on the life of the Arabs in that country. The oil company, backed by most of the larger oil companies in the United States, will soon be producing sufficient oil to take care of all needs of oil in Europe, thus permitting the United States and South America to conserve oil deposits here which are now being used for shipment of oil to Europe, according to the picture.

According to the picture, the Arabs, whose life for centuries has been principally that of sheep herders, proved apt students in the mechanical and chemical fields and thousands are now employed in the Arabian-American oil venture. The picture showed schools set up for the Arabian youngsters and the training given to Arabs employed by the oil company.

Fifty-seven attended Monday's session of Rotary. Vice President William G. Weaver presided, with President Mares Sherman representing the local club at the Rotary International meeting in New York.

## Truck Crops Hurt By Lack Of Rain

Harrisburg, June 14 (AP) — Only truck crops in the southeastern counties have been damaged by the current dry spell in Pennsylvania, the state Agriculture Department said today.

Most seriously affected by the dry weather have been the advanced truck crops such as lettuce, peas, string beans, broccoli and asparagus which need moisture and cool weather, said a spokesman for the department's division of crop reporting.

He added, however, that "everything needs water and would profit from it but there is going to be no material loss from the lack of it so far as we can see at present."

At the same time, the U. S. Weather Bureau here reported that the current month so far has been the driest June on record since 1926. The last substantial general rainfall was recorded May 28.

## Livengood Talks To Odd Fellows

Harrisburg, June 14 (AP) — An emotional crisis is the real crisis in the present-day world, says William B. Livengood, state secretary of internal affairs.

Livengood told the state convention of the Independent Order of Odd Fellows here last night that "the trouble simply stems from the difficulties men experience in living with each other."

More than 500 delegates opened their three-day annual convention here yesterday in conjunction with the sister organization, the Rebekahs.

Public installation of Odd Fellow state officers will be held tonight when James H. Ely, of Waynesburg, succeeds William O. Jones, of Scranton, as grand master.
